Posting of pamphlets in the area east
of North Kiangse Road by the Japanese Naval
Landing Party.

Sir,

At 7 p.m. 13/11/40 G.P.O. 2700 brought to the
station a pamphlet in Chinese which he stated he had
removed from the wall of Haining Road near North Honan
Road, subsequent to same having been posted by members
of the Japanese Naval Landing Party at 5.15 p.m. 13/11/
40. A translation of the poster is as follows:-

Notice of the Japanese Naval Landing Party
Settlement Section.

- (1) Inhabitants should assist in arresting any
suspected male Chinese entering Japanese
controlled areas. They should prevent their
escape and report to the Japanese Naval
Landing Party or sentry in the vicinity.
- (2) Those who do not comply with the above
instructions, or those who harbour suspects
will be seriously dealt with should same be
found out by the J.N.L. Party, and the area
concerned will be blockaded for an indefinite
period.
- (3) Conditions having returned to normal in July
of this year J.N.L. Party removed the barriers
from North Kiangse Road. They have now been
closed again until such times as conditions
become peaceful again.

Dated 8/11/40.

An inspection of the area shows that these pam-
phlets have been posted at all intersections and at the
entrances to major alleyways.

West Hong Kong Station,

REPORT

Date Nov. 9, 1943.

Subject: Re-Instruction of Japanese and Chinese on North Honan Road
between Kiangse Road and Hange Road.

Made by _____ and _____ Forwarded by _____ Inspector Gash

Sir,

During the afternoon of November 8, a barbed wire barricade of trestle type was erected by members of the Japanese Naval Landing Party on North Honan Road stretching from Kiangse Road bridge to Hange Road (Japanese Defence Sector) in a similar manner as that carried out on the same road on February 18, 1940 and as follows:

and all west-bound traffic to and from Hong Kong District is permitted only at the intersections of Hange and Haining Roads where openings have been made in the barricade. These openings remained open throughout the night.

The barricade is placed in such a position as to reduce the width of the west side of the road to allow only the passage of pedestrian and light vehicular traffic, but since the road is not used to a great extent by heavy motor vehicles, no serious dislocation of this type of traffic has so far been observed.

The Japanese sentries which were posted at all intersections in the vicinity of North Honan Road were withdrawn to positions on the East (Hong Kong) side of the barricade.

No untoward incident occurred.

Informant: D.C. (Divisions), C.C. "B" Sector.

Inspector
Officer in charge

Removal of Barbed wire barricades by Japanese Authorities from
Range and North Kiangse Roads.

and

Inspector G.V. Gash.

Sir,

Between 8a.m. and 12noon July 2, 1940 the barbed wire barricades on Range and North Kiangse Roads (Japanese Defence Sector) were completely removed by members of the Japanese Naval Landing Party. Simultaneously all alleyways south of Haining Road and running east from North Honan direct into North Kiangse Road were substantially barricaded whilst double sentry posts, with boxes, were established at the following points to the east of North Honan Road:-

- (1) North Honan-North Soochow Roads.
- (2) North Kiangse Road Bridge.
- (3) North Kiangse-Tiendong Roads.
- (4) Tsapoo-North Honan Roads.
- (5) Boone-Purdon Roads.
- (6) Purdon-Haining Roads.
- (7) Range-North Honan Roads.

Movable barricades beside the sentry boxes are in the course of construction. These are apparently for the purpose of barricading the roads if necessary.

The removal of these barricades from the above roads now affords complete freedom of movement of pedestrian and vehicular traffic between this district and the eastern and northern areas. Police attached to this station carrying arms continue to function normally in the sector. A few persons were observed moving their belongings from houses situated in the sector during the above period.

REC 27 1940

Barbed Wire Change Hits Post Office

Parcel Business Decreases
Since Japanese Action

A difficult situation that will cripple the business of the Shanghai Post Office where Japanese censors are already working has been created as Japanese authorities have removed barbed wire entanglements, formerly placed near the Post Office blocking the Szechuen Road entrance, and have moved them to the end of the Kiangai Road wooden bridge across the creek known to many as the "waterworks bridge." All those who send parcels to the Post Office must now pass through Japanese sentries on the Szechuen Road bridge.

Although the Japanese now do not require those who enter Hongkew to show passes they still enforce search regulations which fact causes a psychological restriction to be placed upon those who wish to send parcels to the Post Office. They must now pass through Japanese sentries while crossing the Szechuen Road bridge whereas three days ago they did not have to do that.

To save the trouble of having their parcels for outports (and therefore carefully sealed) examined by military authorities on the Szechuen Road bridge, many people have refrained from patronizing the Post Office since the barbed wire entanglements were moved. An official of the Post Office stated yesterday that the volume of business of the Parcel Department had decreased during the past few days.

It was also authoritatively learned that the matter had been referred to Settlement authorities for negotiations but so far no satisfactory results have been achieved. The Head Post Office in Kunming has been informed but it was said that Kunming could not do anything to remedy the situation here.

West Hongkew Station

REPORT

Date Feb. 24th, 1940

Subject (in full). Removal of barbed wire barricade from the corner of North Soochow and North Szechuen Roads west to North Szechuen Road by the Japanese Naval Landing Party.

Made by Det. Ser. t. Sanbrook

Forwarded by

Inspector, Officer 1/6

Sir,

At 1.05 p.m. February 24, 1940, C.D.O. 2886, on duty at the General Post Office, North Soochow Road, reported to West Hongkew Station by telephone that members of the Japanese Naval Landing Party had removed the barbed wire barricade from the corner of North Soochow and North Szechuen Roads west to North Soochow and North Szechuen Roads corner (Japanese Defence Sector).

On visiting the scene C.D.O. 311 and the undersigned ascertained the report to be correct. A notice in Chinese was observed at the barricade which stated that North Soochow Road between North Szechuen and North Szechuen Roads was closed, and that any person wishing to approach the General Post Office should do so via Szechuen Road Bridge or Boone Road.

C.D.O. 3, 296, C.D.O. 285 and 247, on duty at the General Post Office, have been recalled to West Hongkew Station as a result of this action and on account of their being armed.

JAPANESE SOLDIERS ASSAULT CHINESE WITHOUT PASS

As the measures against accidents in Hongkew have been intensified, people passing by North Kiangse Road and Boone Road are subject to a thorough search by the Japanese soldiers on guard. According to a reporter of this newspaper, an old male Chinese who sought to enter the Settlement at the exit on North Kiangse Road near Boone Road was assaulted and detained by the Japanese authorities at 3 p.m. yesterday because he had no pass.

3/78/2.

CONFERENCE HELD AT BRITISH MILITARY HEADQUARTERS 11.9.38

The Conference assembled at British Military Headquarters, Tifeng Road Camp at 1400 hours 11 September, 1938.

Present :- Commander Kurihara, Japanese Naval Landing Party.

Mr. Tsujino.

Major B.H. Ashmore, Brigade Major.

Major S.R. Hunt, Liaison Officer.

Subject :- To discuss proposals relating to the return to the Japanese Naval Landing Party control of the area in "B" Sector bounded by RANGE ROAD on the North, N. KIANGSE ROAD on the East, SOOCHOW CRUISE on the South and N. HONAN ROAD on the West.

Major Ashmore stated it was understood that the Japanese Naval Landing Party wished to move up to the original boundary which existed between "A" and "B" Sectors before the 1937 hostilities. Namely to the line of NORTH HONAN ROAD which is inclusive to the British Sector. Where did the Japanese Naval Landing Party propose to place their boundary, wire or barricades?

Commander Kurihara stated that they were prepared to make the following proposals :-

- (i) That the line of barriers should remain as at present on NORTH KIANGSE ROAD.
- (ii) That notice boards in English, Japanese and Chinese should be erected at entrances to main roads to the East of NORTH HONAN ROAD stating this was Japanese Defence Sector.
- (iii) That the Japanese Naval Landing Party and the Shanghai Municipal Police should be responsible for the maintenance of law and order in this area. S.M.P. should continue functioning as at present.
- (iv) Naval Landing Party patrols operating daily up to line of NORTH HONAN ROAD exclusive.
- (v) The inhabitants of the area will NOT require passes and there will be NO restrictions imposed. In fact everything should remain as at present in this respect.
- (vi) That special protection should be afforded if required to any British subjects residing in the area and that International Building will be regarded as most important.

Major Ashmore

Major Ashmore stated these proposals were much appreciated and would receive immediate consideration. The following proposals were made :-

- (i) That no action will be taken in respect of this change until notification has been made to the inhabitants by the S.M.P. and in any case no action before the 21st September, 1939.
- (ii) That both parties will issue very strict instructions to their troops respecting the boundary line in order that trouble may be avoided.
- (iii) That the British posts at "A" Blockhouse and the Telephone Exchange be withdrawn on the agreed date for the new arrangement to become operative.
- (iv) That persons would have full access to PURDON MARKET.
- (v) The notification to the Public that the area will come under Japanese control shall be made by the S.M.P. as soon as possible after this agreement is signed by both parties.
- (vi) The notification to the Public shall contain statements to the effect that :-
 - (a) The change in control will not be effected before 21st September, 1939.
 - (b) That this change is regarded as a step towards the restoration of the conditions existing in the area prior to 1937 hostilities.
 - (c) That no passes will be required and that no restrictions will be imposed.
 - (d) That J.M.L.P. patrols may be seen operating daily in the area.
 - (e) That the S.M.P. will continue to exercise police control.

All the proposals made by the Japanese and British were tentatively agreed upon and will be submitted for consideration to the Commanders concerned.

Commander Burdett asked that consideration might be given to the opening of the barrier at "B" Blockhouse (NORTH HOKAN ROAD) in order to facilitate movement to the North Station area.

Major Ashmore pointed out that NORTH HOKAN ROAD was at present very congested and additional traffic would not improve the situation.

Commander Burdett replied that it would be their plan to institute a post in the vicinity of NORTH HOKAN ROAD - BOURMAY ROAD junction where passes would be checked and traffic would at first be limited to pedestrians only.

/Major Ashmore

Major Ashmore stated the matter would be placed before the General and receive consideration. The Japanese would be notified of the result of this consideration. It was agreed to settle the boundary question first. It was finally agreed that copies of these notes of this conference should be signed and accepted as an agreement respecting the area in question by the British Military Commander and the Admiral Commanding the Imperial Japanese Naval Landing Party.

Ta Mei Chou Pao (Weekly Edition of Ta Mei Pao), Hwa Pao,
Sin Wan Pao, Shun Pao, Chinese-American Daily News:

JAPANESE SOLDIERS ENCIRCLING NORTH SZECHUEN ROAD TO
CONDUCT A STRICT SEARCH

At about 9 a.m. yesterday, a body of some 500 Japanese gendarmes encircled North Szechuen Road, Tsepoo Road, Tiendong Road and Wuchang Road to conduct a strict search. Pedestrians were prohibited free movement on the roadway and traffic at the Garden Bridge and the Szechuen Road Bridge was interrupted for 15 minutes. The situation was very tense in the area under search. The Japanese gendarmes made a house-to-house search, questioning pedestrians very strictly, and many suspicious-looking persons were arrested. The search lasted for about one hour and normalcy was restored.

It is learned that the cause of this search is because the Japanese were informed that a large anti-Japanese gang was reported to be active in the area north of the Soochow Creek.

Hua Pao, Ta Mei Pao, Sin Wan Pao, Shun Pao 28.9.37 (21)

JAPANESE SOLDIERS SEARCH HUNG AN LI ON RANGE ROAD

Under the leadership of two officers, 11 armed Japanese soldiers on the night of September 26, 27 went to Hung An Li (Hung An Li) on Range Road (between North Honan Road and North Kiangse Road) and conducted a house-to-house search of the alleyway. The search lasted about one hour, after which the Japanese withdrew. Nothing was seized.

At 6 p.m. September 26, whilst passing by the Temple of the Queen of Heaven at the north end of the Honan Road Bridge, a group of British patrols noticed some puppet policemen on the premises; they immediately drove them off.

It is learned that the matter has been settled as a result of negotiations conducted by the S.M.O.

Our reporter yesterday afternoon passed by the place but did not observe any puppet policemen on the premises.

October 1, 1939.

Morning Translation.

Shun Pao, Sin Wan Pao, Ta Mei Pao, Hwa Pao, Central China Daily News:

CONDITIONS IN "A" SECTOR

Since the Japanese took over "A" Sector, the people living in that area have become uneasy.

The Japanese soldiers have established an anti-cholera injection depot to the right of the Shanghai Telephone Company at the corner of North Kiangse Road and Haining Road and residents in the sector have been forced to attend at the depot for anti-cholera injections. The period of injection has been extended from September 30 to October 10.

Owing to overcrowding at the injection depot, many cases of people being beaten by City Government policemen with batons have occurred. The Shanghai Municipal Police have posted several Chinese, one Sikh and one Japanese policemen near the depot and have marked out a passage with barbed wire barricades.

Japanese soldiers are patrolling the various alleyways and residents have been notified that, commencing from to-morrow, all residents must report the number of people staying in their houses and must produce their anti-cholera injection certificates before they are allowed to reside in the area. Certificates must be posted on the doors of their houses.

Upon learning of this, the residents became anxious. Yesterday afternoon our reporter made an inspection of that area and noticed many people removing from North Honan Road and North Kiangse Road.

Recently a number of City Government policemen in the Temple of the Queen of Heaven on North Honan Road were driven off by British patrols. Yesterday more than ten City Government policemen were seen in the Temple standing by unarmed at the Pass Issuing Depot; they were interrogating persons who had called to apply for passes. Formerly persons applying for a pass had to pay in notes of the Hwa Shing Bank, but now legal tender notes are accepted.

British sentries were still on duty at the corner of North Honan Road and Range Road as well as at the corner of North Honan Road and Haining Road. Barbed wire barricades on Boundary Road were still there as were those installed by the Japanese soldiers from Kiangse Road Bridge to Range Road. Japanese sentries are still on duty at the corner of North Kiangse Road and Boone Road and at the corner of North Kiangse Road and Haining Road. Pedestrians have to show their passes for examination at these passages.

Landing Party Opens Up Hongkew Roads

Facilities Extended for
Chinese Residents

The Japanese Special Naval Landing Party has opened Haining, Range and Tsungming Roads from 5 o'clock in the morning to 8 o'clock in the evening, thus facilitating traffic across Hongkew from North Szechuen Road, according to the "Shanghai Mainichi" yesterday morning.

Naval sentries are stationed at the street intersections to examine passers-by.

Recently a great increase in the number of Chinese returning to Hongkew has been noted due to the restoration of order north of the creek, the decline of the national dollar and the consequent rise in commodity prices in the International Settlement and French Concession, the paper said.

Sir,

From enquiries made by detectives on 30/7/39 it was ascertained that the following removals from the area east of North Jiangsu Road occurred during the day:-

About 410 sub-tenants from East of North Jiangsu Road.

C. 268 also reported that during the day Shanghai City Government Police visited houses in the area in connection with the census. A fee of five cents was charged for each census return and a notice reading "Enquiries completed" was posted on the door of each house. It is also stated that ten cents will be charged for registration to obtain names.

Since the completion of the wiring of North Jiangsu Road, by the Japanese Military, the following openings have been made:-

Haining Road:- where free passage is permitted, pedestrians only, to a point about 200 yards east of North Jiangsu Road where another light knife-rest barrier is placed. This latter barrier is open daily between 7 a.m. and 5 p.m., when passage into Hongkew is permitted on production of passes.

Moore Road:- Free passage is permitted to pedestrians to a point about 20 yards west of North Szechuen Road where a light knife-rest barrier is placed. This latter barrier is also open daily between 7 a.m. and 5 p.m. when passage to Hongkew is permitted on production of passes.

Taungsing Road:- Entry restricted except to those in possession of passes.

SHANGHAI MUNICIPAL POLICE

REPORT

File No. 254/35 (12)
 No. S. N. D. 39
 Date 19 July 1939

Subject: Removal of inhabitants of the town of Hong Kong, formerly incorporated in English Police District.

Made by: J. Taylor

Forwarded by: J. Taylor, Inspector, Police

ir,

At 3.45 p.m. on 7-7-39 a telegram message was received from the British Consulate in Hong Kong to the effect that the activity on the part of the British troops, posted on Hong Kong Island in the early morning of 7-7-39, was to be seen. The further reports that British military trucks together with several British soldiers had been detained by the Japanese sentries in the early morning of 7-7-39 at Hong Kong.

The undersigned, J. Taylor, immediately attended the scene where on it was quickly learned that British military trucks manned by three lance-corporals and a sergeant major had been detained by the Japanese sentries in the above-mentioned illegal whilst in the act of attempting to erect barbed wire fence in the illegal.

The undersigned accompanied by J. Taylor and J. Taylor, British Consul, immediately contacted the British Consul, commanding the British troops, present at the scene, who explained that he had communicated with his headquarters who in turn had communicated with the British military headquarters regarding the incident.

Shortly after this, Commander Curikara, Chief Staff Officer, of the Japanese Hong Kong Headquarters, arrived at the scene and from him it was learned that Major Hunt of the British military headquarters, with whom he had been conferring, would shortly attend the scene.

A few moments after this information had been obtained many trucks bearing many members of the Japanese were seen to arrive with barbed wire knife-roots with which they

conceded to erect a barbed-wire barrier on the east side of North Jiangsu Road extending from No. 10 to a point near the rear of the General Post Office; and of course, means of the wiring in of the British Military Post and the "A" Post situated on the east side of North Jiangsu Road near No. 10. This information was relayed by the undersigned to Lieutenant Commander of the Shanghai Municipal Police in their reports of the same to the British Military Post.

During the aforementioned operations, General and the staff of the British Military Post, in the meantime, began.

An effort was made to attempt to explain to the public that there was no reason for panic and that ample time would be given them by the British Military Post to obtain the usual papers. This apparently was useless but a very large number of the persons residing therein continued to remove together with their goods.

Shortly after this Major Hunt arrived at the scene and conferred with the aforementioned Japanese officers as a result of which it was agreed that the British Military "A" Post could be re-opened and named as heretofore by the British Military.

At 6.30 p.m. the British Military truck, together with the men concerned, were released by Lieut Commander Hayashi, they making their exit via No. 10 Road into North Jiangsu Road.

Lieut Commander Hayashi was then approached by the undersigned assisted by J. S. Suga and asked if he could give any information regarding the intended action of the J.R.A. with regard to the persons who continued to reside in the area in

Subject: East section between North Suzhou and North Kiangse Roads - illegal functioning of "Shanghai City Government" Police.

Made by: S.I. Kao Yen-ken Forwarded by: C. Crawford. D.I.

At 1 p.m. July 26, a Japanese soldier accompanied by two members of the "Shanghai City Government" Police in uniform were seen paying house-to-house visits in Nos. 40 and 32 North Kiangse Road. The party instructed the residents to obtain anti-cholera inoculations.

Recently two Japanese soldiers have been casing at one 570 Boon Road at 8 a.m. daily. They have distributed applications for "Resident passes" to the inhabitants of this lane and informed that those not in possession of such passes would be prohibited from living there on and after August 1, 1939.

Misc. File No. 257/39

West Nongchow Station, 39

REPORT

Date July 24th, 1939

Subject: Report of Japanese military functioning at the junction of North Bridge Road and Main Road.

Made by: J. S. BEVAN Forwarded by: J. S. BEVAN, Officer in Charge.

At 3 p.m. 24-7-39, J. S. BEVAN, Officer in Charge, reported to the Station that whilst making inquiries on North Bridge Road near Main Road he had observed the Japanese military carry out some anti operations at the junction of these roads.

The anti operations, accompanied by J. S. BEVAN, (Nongchow) visited the scene, where it was observed that four marines and an officer of the Japanese Naval Force, at the junction of the roads, were in an opening in the barbed wire and were busily engaged in examining passes of persons entering and leaving that area (east of North Bridge Road), refusing passage to those not in possession of a pass.

The officer, about 40 years of age, was interviewed and offered the following explanation for their actions.

"Due to the concentration of the residents in that area it has been found necessary to take precautionary measures to combat an outbreak of cholera. A marquee has been set up on Main Road, east of North Bridge Road, where residents of the area must obtain cholera inoculations and registration certificates. For the present, until a satisfactory standard has been reached, inspection parties will operate irregular periods to instruct the residents of the absolute necessity of obtaining inoculation against cholera."

The period of inspection today was from 2 p.m. until 3.45 p.m. after which time the party withdrew and permitted free passage to and from the area.

Nothing untoward happened at the scene of inspection.

Date July 20, 1939

Subject: Removal of inhabitants of that area of North Chinese Road near
the Bund, formerly incorporated in Hongkew Police District.

Made by: S. I. Taylor

Forwarded by:

Inspector,
Officer i/c.

ir,

Reference previous reports in connection with this case
selective posted to the authorities and all North Chinese Road,
resulted to the effect that 4 sub-tenants and families removed
during the last week ending 6 p.m. 21-7-39. Their evictees, it
was learned, intended taking up residence with their friends and
relatives in districts south of the Bund area.

Removals are reported from any other part of the area
in question.

Several of the sub-tenants removed boxes and trunks for
safe keeping in the houses of friends, but they themselves did
not remove.

From enquiries made among the evictees the following
reasons are given for their unwillingness to reside in the
area in question.

1. Objection to inoculation.
2. Cost of passage.
3. Inconvenience to south of the Creek workers returning
to their homes via Japanese Controlled bridges.
4. Objection to residing in Japanese Controlled territory.

Attempts were made to erect shelters on North Chinese Road
but this was prevented and persons dispersed by Inspector Gush,
Officer i/c. and party.

Japanese Military Patrols were seen to be active in
alleyways bordering North Chinese Road as well as on Boone
Road.

Seaford Highlanders Officer attended and posted a
patrol.

Further REPORT Hongkew Station,

Date July 12, 1939.

Subject Removal of persons resident inside a block of houses bounded by
N. Kiangae, Haining, N. Szechuen and Boone Roads, 12/7/39.

Memo by J.S.I. Tuck,

Forwarded by

Quay *fish*

Sir,

In accordance with instructions received from Mr. Barry, D.D.O. "C" Division, the undersigned instructed D.S. Suga to communicate with the J.N.L.M. Settlement Defence Headquarters, Hanning Road to ascertain if possible the exact reason and intention for the recent activities committed in connection with the intended residents of the houses inside the block bounded by N. Kiangae, Haining, N. Szechuen and Boone Roads.

D.S. Suga was unable to communicate with Lieut. Morimoto who was absent from the Headquarters at the time, but conversed in his absence with Sub-Lieut. Yamaguchi, Adjutant to the Commander-in-Chief of the J.N.L.M. Settlement Defence Corp, who replied to the queries as follows:-

At the present moment it is the intention of the Japanese authorities to have the alleyways inside the block of buildings cleared of refugees and cleaned from a sanitary point of view, as in its present state it is considered detrimental to the health of the residents, and that the future residents will be required to be inoculated against communicable diseases, at which time certificates will be issued also passes that will enable them to proceed to and from the block of houses via entrances on N. Szechuen Road.

For purposes of facilitating the issue of passes a temporary office has been commenced at an address on Boone Road, in the vicinity of the block of

Made by D.S.I. Tuck

Forwarded by

Swing *hdp*

Sir,

During the afternoon 18/7/39 the undersigned was instructed by Mr. J. Barry, D.D.C. "C" Division to detail a Japanese detective to make enquiries and ascertain if possible fuller and more complete details concerning the hurried removal of persons resident at addresses inside a block of houses abounded by N.Kiangse, Haining, N.Szechuen and Boone Roads, which was believed due to the believed intention of the J.N.L.P. to erect barriers at the exit alleyways on N.Kiangse Road and that the future tenants must obtain passes from the J.N.L.P. in order to be allowed to reside there.

D.S. Suga attended and communicated by telephone to Lieut. Morimoto of the J.N.L.P. Settlement Defence Headquarters, Hanning Road when the following was learned:-

First in agreement with the owners of the block of premises, (The Shanghai Land Investment Co., No.100 Jinkee Road), the J.N.L.P. due entirely from a sanitary point of view, intended causing the numerous refugees at present residing in temporary shelters inside the alleyways situated inside the block of premises concerned to vacate the alleyways and enable same to be cleaned up completely, as a large amount of refuse which is considered detrimental to health has been allowed to accumulate there of late.

There is no intention to compel bona-fide residents to vacate or remove from their premises if

D. S. Sanbrook

Inspector,
Officer i/c

Sir,

With reference to the remarks of the D.C. Division,
I beg to submit the following as an amendment of the
attached.

At 6.20 p.m. June 28, 1939, C.P.C. 1886, attached
to West Hongkew, telephoned the station and reported
that Japanese soldiers were removing barbed wire in
the vicinity of Boone Road east of North Kiangse Road.

S. I. Brown and the undersigned immediately visited
the scene where it was observed that some twenty to
thirty members of the Japanese Naval Landing Party were
engaged in erecting barbed wire on the north and south
sides of Boone Road, between North Kiangse Road ^{and} North
Szechuen Road (no man's land), not removing wire as
reported by the aforementioned constable.

Inquiries were made among residents in the vicinity,
but no one could proffer any explanation for the sudden
action on the part of the Japanese Authorities.

However from observation it would appear that the
action is similar to that reported by Inspector Gash,
Officer i/c, on June 20, 1939.

No untoward incident occurred.

Inspector i/c, and Officer i/c, of the Seaforth
Highlanders "B" Section informed.

SHANGHAI MUNICIPAL POLICE.

West Hongkew Station, ..

REPORT

Date July 4th, 1938

Subject. Entry of Lane 468 Nos. 9 and 11 Haining Road by Japanese male and
female.

Made by D.S.owler Forwarded by J.S. Lankenshaw Inspector,
Officer 1/6

Sir,

At 2 p.m. 4-7-38 Mr. Lo Zau Ban (李作班) residing Yu Yuen Road, telephone No. 80190, came to the station together with his watchman Liang Tsung Ong (梁宗翁), Cantonese, and reported that at about 2.30 p.m. 3-7-38, part of a wall of a garage at Lane 468 Nos. 9 and 11 (his former residence) had been broken by some unknown person (s). The noise woke the watchman who went to investigate but was unable to see anyone. Apparently he/they had heard the watchman's approach and had made off.

At about 4.30 p.m. 3-7-38 a Japanese male, dressed in foreign clothes, rather stout build, height about 5' 9", had gone to the house and knocked at the front door after passing along the alleyway from Haining Road. He had made motions of wishing to look inside and the watchman had allowed him to do so. Explanations took place through the medium of characters.

The Japanese male looked into all rooms of the two houses and expressed a desire to 'borrow' some of the furniture and scrolls. This, the watchman stated he was unable to do as he would have to get his master's permission. The male left after being on the premises about ten or fifteen minutes.

After an elapse of about another fifteen minutes the man returned together with a Japanese female dressed in a kimono and together they looked in the various rooms.

On leaving the house the male stated they would return at about 2 p.m. on the 4-7-38 to learn whether or not some of the furniture could be borrowed. He left a piece of paper on which he had written, both in English and Japanese, Mr. P. Suemitsu.

The undersigned together with J.D.S. Suga (N) attended the address together with Mr. Lo and the watchman and waited on the

Subject... Direction of twisted wire.....

Made by. Teller. Forwarded by E. W. Anderson

. 17.

At 11.40 p.m. 10-5-44, a group reported to the station
that members of the K. I. A. were erecting a barbed wire
barrier across the road leading to the village of both
Kilmore and thus preventing entry or exit of the Chinese
population in that sector.

Inspector CHRISTIAN was on duty at the station attended.
The "B" division was in the area until noon.

in the closure of the barbed wire fence and the knife
 nests across the fence line. The fence line was found
 to be across the 26210000 of the barbed wire fence line
 in the area of the fence line.

The report also states that the J.N.L.P.
is not a secret society, by them to learn the Chinese
to read in the past and the only.

Misc. File No. 182/38

8220

West Hongkew Station

REPORT

Date this day 19 38

Subject: Chinese + reported from Haining Lane 468 Haining Road by

Japanese Barrier - 8-5-38.

Made by: J. J. Elders

Forwarded by:

Shan Shan

Sir,

At 11.30 p.m. on the 8-5-38 Mr. C. Liang, Chinese, residing at No. 5, Lane 438 Haining Road, came to the Station and reported that the Japanese had moved their barrier on Haining Road from its original position near North Szechuen Road to a point further west towards North Kiangse Road and this had resulted in his Chinese caretaker who was looking after certain houses on Haining Road, being enclosed within the barrier. Mr. Liang requested the Police to ascertain whether his caretaker was still there.

J. J. Elders and J. C. Gaudy visited the scene and conducted enquiries.

It was ascertained that during the morning of the 8-5-38 the Japanese Naval Authorities had moved their barrier on Haining Road from its original position near North Szechuen Road further west to a point about 50 yards east of North Kiangse Road and have strengthened it and made it impassable. The reason for this being the better protection of the Japanese Centrifuge works in that area.

Mr. Liang is the owner of Houses Nos. 470, 472 and 474 Haining Road and House 3 Lane 438 Haining Road. These houses are located on the Japanese side of the barrier. The caretaker is residing in House No. 5 together with another Chinese man and his wife and child who are Mr. Liang's tenants. The other houses are unoccupied. The gates of the Lane are locked and the caretaker keeps the keys. The Lane is a cul-de-sac. The Naval Authorities state they do not mind those Chinese residing there for the present provided there is no trouble but insist on the large gates being kept locked.

REPORT

Date 5th May 1938

Subject Taking over of Chinese House by Japanese Military.

Made by D.S. Rossington

Forwarded by

John Paulain

Further to this file.

Sir,

N.P.S. 226 reports that subsequent to the Japanese Military taking over House No. 1 Lane 482 Haining Road, a large quantity of furniture etc. has been taken from the house and through the Lane to W/Trucks parked on North Szechuen Road.

On detectives visiting the house to make further enquiries. It was learned that during the morning of the 3-5-38 the Japanese authorities had removed the barbed wire barricades to a point approximately 30 yards west of Lane 482 Haining Road and it is now impossible to approach the house from West Hongkew District, no further enquiries can therefore be carried out.

West Hongkew Station

REPORT

Date April 25 1938

Subject Taking over of Chinese house by Japanese military.

Made by D. J. Rossington.

Forwarded by *See attached*

Sir,

At 8.10 A.M. on the 24-4-38, P.M. 120 employed as a watchman at No. 490 Haining Road, came to the station and reported a number of Japanese soldiers and Chinese coolies having occupied house No. 1 Lane 481 Haining Road, and having ordered him out of the lane.

The Officer i/c. J. O. Gibson, J. O. 98 and the under-signed immediately visited the scene and there learned that, the house, a large Chinese style dwelling house situated on the North side of Haining Road half way between North Szechuen and North Jiangsu Roads, had been taken over by members of the Japanese Army who intended using same as a military police post.

During subsequent enquiries it was learned that the house is owned by one L. O. Luk (麥慶璋), a Cantonese subject, now residing in Flat 3.1 No. 651 Wei haiwei Road, who vacated his house on the 13-4-37, leaving property to the approximate value of £10,000.00 inside.
